Kids Weight divisions

All competitors under 15 and under will register the weight category closest to their estimated weight at the tournament date:

 Weight

-40lb

-45lb

...

-155lb

-160lb

+160lb

Example: Competitor who is currently 73lbs (With gi) would register in the -75lb category

This will allow us to create better brackets for the kids closer to their weights.

The brackets will be posted ahead of time, and on occasion we may need to combine weight categories.

If you believe the competitor has been moved to the wrong one, please contact us immediately to review and address it: info@manitobajiujsu.com
