Heavy	208.0	175.0
Super Heavy	222.0	No weight max
Ultra Heavy	No weight max	

Kids Weight divisions

Kids divisions are split into 10lbs weight categories.

Parents and Coaches are encouraged to review the divisions on Athlete Check Day (THURSDAY). If the athlete is alone in their division, the parent and coach are encouraged to move the athlete up in weight, skill or age.

The brackets will be posted ahead of time, and on occasion we may need to combine categories.

If the young athlete is alone in their division there are three options:

- Cancel the registration for a free coupon for a future tournament registration (before friday)
- Update their entry and move them to a different division (move them up in weight, skill or age) *done by the parent or coach*
- Leave them as-is, they will be merged to the nearest division *if available*

If you believe the competitor has been moved to the wrong one, please contact us immediately to review and address it: info@manitobajujitsu.com

If we are unable to find a match for the competitor we will provide a refund the following week.
